

Chemical Dependency: gel addiction

Featuring Scruples Artist Amy Williamson

HIGH DEFINITION® Color Gel

- Twelve pure-base colors produce over 200 permanent and demi-permanent haircolors and toners that provide natural deposit
- Paint store concept reduces salon haircolor inventory by 70 percent

BLAZING® Highlighting & Color System

- Lifts and tones in a single step
- Offers 19 highlighting shades and will not overlighten hair

BLAZING® Low Lights

- Perfectly formulated with the pigments needed for depositing darker shades on lightened, highlighted and color treated hair
- Offers 18 beautiful low lighting selections that can be applied and processed simultaneously with BLAZING® Highlighting & Color System

Chemical Dependency: creme addiction

Featuring Scruples Artist Amy Williamson

TRUE INTEGRITY® Opalescent Colour Creme

- The reflection of a translucent with the coverage of an opaque
- Low ammonia haircolour formula is gentle on hair, leaving it healthy and conditioned
- Beautiful colour selection and complete deposit with maximum gray coverage

ILLUSIONIST® Brilliant Creme Highlights

- Low-ammonia radiant highlights that leave hair silky
- Controlled lift from as subtle as one level to as dramatic as beyond seven levels
- Ten brilliant highlight selections ranging from intense reds and coppers to luminous blondes
